

# >>>>BEFORE YOUR ROAD TEST<<<<

Congratulations! You have completed thirty hours of in class drivers' education, twelve hours of driving behind the wheel and six hours of observation. Are you ready for the big day, the road test? You need to be aware of the following information, in particular, how your paper work is processed and what **your** responsibilities are.

When you complete all the requirements, (class & any make up classes, passed the final exam {85% or better}, driving time & observation time) your paperwork will be recorded in the Drivers Ed master log. This may take up to three business days. Once recorded the state forms are submitted to Mrs. Murry in the office. **Your** form will remain in the office until **you** bring cash or a check for \$15.00 to her. This is **your** responsibility; she will not call you, remind you or call your parents.

Every other week Mrs. Kemp will mail a list of students to Boston who have paid. The Boston RMV office will take up to 2 weeks to process your paper work. After this time **you** will need to call the Boston RMV office to verify they have your name on file. At that time you can make an appointment for a road test at the Springfield or Worcester RMV office.

The closure of the Southbridge RMV no longer allows us to utilize the Tantasqua High School cars for road tests. Students will have to make their own vehicle arrangements for the road test.
