

## **Build a House; Build a Garage; Build an Addition**

The Tantasqua Regional School Committee will be accepting applications for projects to be built during the 2021-2022 school year. The purpose of these projects is to provide practical work experiences for the carpentry students of Tantasqua's Technical Division. Since there is no charge for student labor, qualified applicants realize substantial savings. Additional savings can result if Tantasqua's electrical students install any necessary wiring.

Applications will be accepted for the construction of a single story house, garage, addition, or similar project. One or more projects may be selected.

### **APPLICATION INFORMATION:**

- Applicants must have resided in a Tantasqua Regional School District member town for a minimum of three consecutive years prior to the application, and the proposed project must be located within the Tantasqua Regional School District.
- A set of detailed blueprints (which meet all building code specifications) must be provided at the time of the application. Three additional sets must be provided if the project is accepted.
- The size of the project is to be no larger than 1600 square feet. Foundation and site work are the responsibility of the owner.
- Projects cannot be built for income purposes.
- The applicant will be responsible for costs associated with the transportation of students between Tantasqua and the building site.
- Applicants must submit a completed questionnaire along with a complete set of project plans.
- Successful applicants will have to sign an agreement with the school and submit bank verification regarding proper financing.
- Selection criteria includes the ability to complete the project(s) within the 2021-2022 school year.
- All applications should be submitted directly to the Superintendent's office by May 25, 2021. A School Committee vote on the recommended project(s) will be at the June 2021 school committee meeting.
- Application forms are available on Tantasqua's Technical Division website at [www.tantasqua.org/technical/forms](http://www.tantasqua.org/technical/forms) Please call (508) 347-3045, ext. 0915 for further assistance.
